

yaml::SafeLoader

```
graph BT; A["tests.integration.test_github_workflows.GitHubActionsYamlLoader + yaml_implicit_resolvers"] --> B["yaml::SafeLoader"]
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box representing a class. It is divided into three horizontal sections. The top section contains the text 'tests.integration.test_github_workflows.GitHubActionsYamlLoader'. The middle section contains a plus sign followed by 'yaml_implicit_resolvers'. The bottom section is empty. A blue arrow points upwards from the top edge of this gray box to the bottom edge of a white rectangular box above it. The white box is also divided into three horizontal sections. The top section contains the text 'yaml::SafeLoader'. The middle and bottom sections are empty.
