

api.main.get_asset
_detail

api.main.get_assets

api.main.serialize
_asset

```
graph LR; A[api.main.get_asset_detail] --> C[api.main.serialize_asset]; B[api.main.get_assets] --> C;
```

The diagram illustrates a dependency or data flow. On the left, two white rectangular boxes with black borders contain the text 'api.main.get_asset_detail' and 'api.main.get_assets'. On the right, a gray rectangular box with a black border contains the text 'api.main.serialize_asset'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'get_asset_detail' and 'get_assets' depend on or call 'serialize_asset'.
